HAMPTONS TV

is a truly unique television station, offering advertisers a direct target to the most powerful demographic in the New York Area. WVH-TV provides a cost-effective opportunity to deliver their messages to the viewers that influence others. **WVH-TV webcasts world-wide 24/7.**

WVH-TV provides definite advantages over print, radio and other cable TV channels for the local and national advertiser. Frequency sells, and nothing sells like local television. Your advertising message reaches more homes at one time than any other media. Imagine reaching your customers right in their own homes directly without any hassles. And unlike "cable only" stations, WVH-TV can be viewed by 100% of the viewing public.
